

Dhruvilkumar Suthar  
UI/UX Designer

[See Portfolio](#)

Creative and detail-oriented UX/UI Designer with 2+ years of hands-on experience transforming complex business problems into elegant, user-centered digital products. Skilled in Figma, Adobe Suite, and design systems. Proven ability to collaborate across product and engineering teams to deliver responsive designs aligned with brand and business goals. Passionate about enhancing user experience through research-driven, accessible, and innovative design.

Education

Master of Science in Information Systems

Northeastern University, Toronto Sep 2022 – Apr 2024

Bachelor of Engineering in Information Technology

GTU, Ahmedabad Aug 2018 – May 2022

Experience

UX Quality Assurance Jan 2022 – May 2022  
Sandesh Digital Pvt. Ltd.

- Conducted comprehensive UX audits for sandesh.com, identifying over 30+ usability issues and recommending improvements that enhanced cross-device consistency and reduced bounce rates.
- Collaborated with design and development teams to implement responsive UI fixes, ensuring compliance with WCAG accessibility standards and improving user satisfaction across desktop and mobile platforms.
- Executed detailed QA testing on user journeys, verifying UI elements, interaction behaviors, and performance metrics—resulting in a 20% increase in successful user task completion post-launch.

Android Developer Aug 2021 – Sep 2021  
Aakash Technolabs

- Developed and deployed key features for a news-based Android application using Java and XML, improving app responsiveness and user navigation flow.
- Assisted in debugging and optimising application code, resulting in a 15% improvement in load times and reduced crash reports during user testing.
- Collaborated with senior developers to implement UI enhancements based on Google Material Design principles, ensuring a consistent and modern user experience.

Projects

Finance Hub

Designed FinanceHub, a responsive fintech dashboard that unifies credit-score analytics, budgeting tools, and real-time insights to guide users toward financial freedom.

FuisonAll

Designed FuisonAll, a seamless productivity platform integrating chat, tasks, and calendars into one unified collaboration hub.
